In the modern digital era, relying only on traditional resumes is not enough to showcase an individual's skills, projects, and achievements. Recruiters and collaborators often look for an online presence that reflects both technical expertise and creativity. Without a personal digital space, it becomes difficult to stand out in a competitive field. To overcome this challenge, this project focuses on developing a personal portfolio website, providing an organized and professional platform to present qualifications, certifications, and projects in an easily accessible manner.

PROBLEM STATEMENT

The Personal Portfolio Website is developed for Almas Begam to build a strong online presence and showcase academic qualifications, technical skills, certifications, and projects. It acts as a digital resume that is easily accessible and helps recruiters and collaborators understand professional abilities at a glance. Designed with a responsive layout, the portfolio ensures smooth viewing across devices while presenting information in a clear and organized manner.

PROJECT OVERVIEW

END USERS

Recruiters and Employers – to evaluate skills, qualifications, and projects for job opportunities.

Peers and Collaborators – to connect for academic or professional projects.

Faculty Members and Evaluators – to assess technical knowledge and project work.

General Audience – anyone interested in learning more about the professional profile of Almas Begam.

TOOLS AND TECHNIQUES

- Frontend Development:
- HTML5 – for structuring the web pages.
- CSS3 – for styling and layout design.
- JavaScript – for interactivity and dynamic behavior.
- Version Control & Hosting:
- Git & GitHub – for version control and project hosting.
- Design Tools:
- Canva / Figma – for creating and refining UI/UX designs.
- Techniques:
- Responsive Web Design – ensuring compatibility across devices.
- User-Centered Design – focusing on readability, accessibility, and professional presentation.
- Code Optimization – clean, reusable, and well-structured code for performance

The portfolio website is designed with a clean and modern layout to ensure professionalism and user-friendly navigation. The design follows a responsive web structure, making it accessible across desktops, tablets, and mobile devices.

- *Home Page* – A brief introduction with name, title, and a professional tagline.
- *About Me* – Showcasing personal background, education, and career goals.
- *Skills* – Highlighting technical and soft skills in an organized format.
- *Projects* – Displaying academic and personal projects with descriptions.
- *Certifications* – Listing relevant certifications and achievements.
- *Contact Section* – Providing email, phone, and social media links for easy communication.

PORTFOLIO DESIGN AND LAYOUT

FEATURES AND FUNCTIONALITIES
